Thank you for the interest that you have shown in our rocking horses: enclosed is our brochure, price list and order form with full details of the horses (sizes, finishes etc.).

Each rocking horse is a unique creation, hand carved from solid wood from our own personally selected stocks of timber to ensure high standards of quality and stability. We have created our own unique range of horses, faithful to original Victorian style and designs, on either safety swing frames or classic bow rockers, in a comprehensive range of sizes to suit all requirements from nursery to adult riders.

For lovers of the traditional dappled horse, we offer a reproduction antique range with finely carved features and a beautiful hand painted mellow dapple finish. In addition, we also offer a range of finely carved, beautiful polished hardwood horses in oak, mahogany, sycamore and other suitable hardwoods.

All horses have real horsehair mane and tail, to your individual requirements, and leather tack which includes a detachable bridle. Delivery is normally within 2-3 weeks, but if the horse is required for a special occasion, early notice is advisable. Included in the price of the horse is a brass presentation plate to be inscribed with the wording of your choice.

The pride that we take in the quality of our horses and the personal service we provide is reflected in the number of past customers who are happy to recommend us to their friends. We also offer a full restoration service many dilapidated horses have been lovingly restored by us to the delight of their owners, and our reputation for excellent craftsmanship is steadily growing as a result.

You are very welcome to visit our workshop to see the horses being made: if you would like to arrange a visit, or if you would like further information, please do not hesitate to contact us. We look forward to being of service to you.

Yours sincerely,

Juliet and Tom Cobley
